WTX-700 EVO

Bluetooth 5.0 aptX HD Streamer

The high definition in Bluetooth thanks to the new WTX-700 EVO, stream your music in high definition becomes accessible.

The WTX-700 EVO is compatible with all Bluetooth audio devices on the market: smartphones, tablets, PC or Mac...

Integrating the aptX HD protocol and a TI PCM 5102 converter, the WTX-700 EVO pushes the limits of high definition Bluetooth Hi-Fi transmission.

The technology employed not only allows for end-to-end 24-bit audio, but also offers more efficient digital signal processing and lower signal-to-noise ratio through coding and decoding, as well as less distortion, especially in the 10-20kHz range.

WTX-700 EVO

Bluetooth 5.0 aptX HD Streamer

SPECIFICATIONS

Frequency response	20 Hz - 20 kHz
Distorsion	0,0027 %
SNR	-94,6 dB
Analog Output	RCA Stereo
Product size (LxHxP in cm)	6x1,4x5,5
Packaging size (LxHxP in cm)	21,3x13,7x4,2
Gross weight (kg) / Net Weight (kg)	0,024 / 0,19
Model N°	WTX-700 EVO
Code EAN	3760179291865
